Dear Customer:

This correction sheet has been provided for any errors that may have occurred in the processing or shipping of your order. To correct these problems, please complete the form, including your name, account number, date of packing and order number.

DAMAGED AND MISSING PACKAGES

Before signing for any order, inspect the packages for any visible damage. Always note the damage when you sign and request a damage inspection. Then, check the boxes to determine the number of packages in the order and sign only for the packages you receive. Remember that NSP will not pay for damaged or missing packages that have your signature. You have 10 days to report any problems.

CUSTOMER SUPPORT CORRECTION FORM

We encourage you to use these forms as mail correspondence with all the information supplied so that this problem can be handled promptly and efficiently. Forms correctly completed will be processed as quickly as possible; however, missing or inaccurate information can slow the process and keep you from receiving the quickest and most efficient service.

If you are returning damaged products, call Customer Support for an RG number before shipping. Every return needs a return authorization number (RG). You cannot use the same RG number on different returns. If your package does not have an RG number, no credit can be given and the products cannot be returned.

Estimado cliente:

Le proveemos esta hoja de reclamos para cualquier error que pueda ocurrir en el proceso o embarque de su pedido. Para solucionar dichos problemas, por favor llene el formulario incluyendo su nombre, número de cuenta, fecha de empaque y número de pedido.

PAQUETES DAÑADOS O EXTRAVIADOS

Antes de firmar cualquier pedido revise los paquetes en caso de daños aparentes. Siempre al firmar anote el daño y solicite una revisión de daños. Después inspeccione las cajas para determinar el número de paquetes del pedido y firme solamente por los paquetes que reciba. Recuerde que NSP no pagará por paquetes dañados o extraviados que ya han sido firmados. Tiene 10 días para reportar cualquier problema.

FORMULARIO DE CORRECCION DE SERVICIOS

Le sugerimos que use estos formularios para correspondencia con toda la información provista de modo que el problema pueda tramitarse con brevedad y eficacia. Los formularios llenados en la forma correcta serán procesados lo antes posible. Sin embargo, toda la información que se omite o no esté correcta retrasará el proceso y le dejará sin recibir un servicio rápido y eficiente.

Si está devolviendo producto que está dañado, llame a Servicio al Cliente para que le den un número RG antes de enviar algún producto. Toda devolución necesita un número de autorización (RG) diferente. No se puede usar el mismo RG para diferentes devoluciones. Si su paquete no tiene RG, no se le podrá dar crédito y no podrá devolver el producto.
